The home of
enjoyment

It's all about enjoyment

What would a winter holiday be without the perfect amount of feasting and indulgence? Treating you to delicious cuisine is our passion. We start with breakfast, continue the pampering with an afternoon snack and serve an exquisite 5-course set menu with a choice of dishes in the evening.

Our menu features traditional delicacies from Tyrol and also the odd Mediterranean delight or two. All served with fine wines and followed by a harmonious cigar. Such is the variety of alpine enjoyment.

TO THOSE WHO ENJOY IT. WITH THIS IN MIND, WE WISH YOU AN ENJOYABLE STAY IN TYROL. THE WORLD BELONGS TO THOSE WHO ENJOY IT.

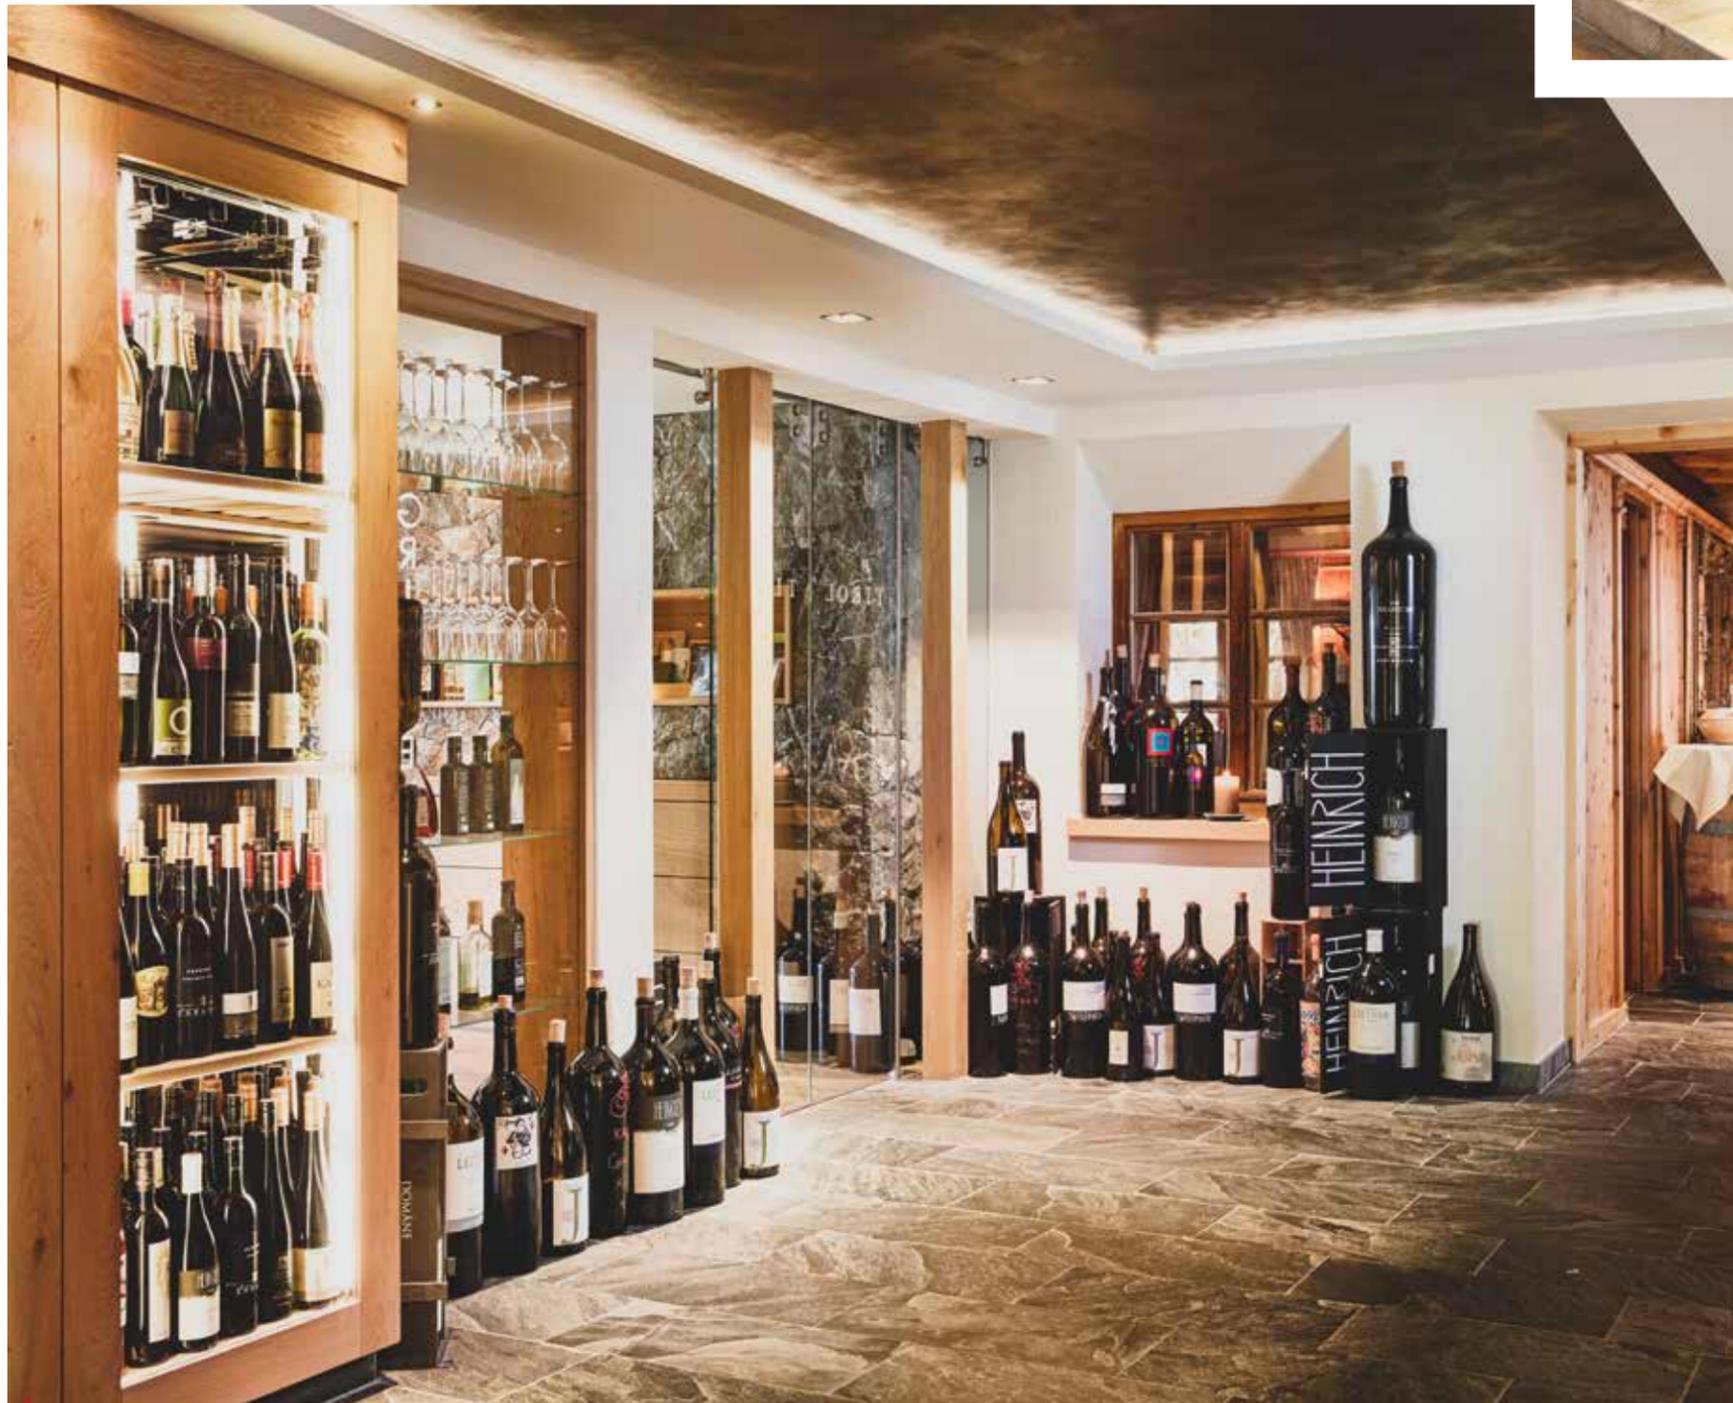

The language of wine

Finish refers to the wine's aftertaste and describes the effect of the fullness and aromas. **Barrique** describes a small wooden barrel used to age wine that is usually made of oak. Wines aged in barrique have an aromatic and smoky note. **Cuvée** refers to a blend of different wines created to harmonise flavours or produce a specific taste. **Decanting** describes the process of pouring wine into a carafe. It allows the wine to "breathe" and unfold its full aroma and also results in any particles being deposited at the bottom, which then remain in the decanter when the wine is poured. **Full bodied** refers to wines with a lot of substance such as tannins, fruit, scent, flavour or alcohol. **Dry** refers to wines with hardly any residual sweetness.

Our wine list features a wide variety of wines served by the bottle or glass. Your host, Hubert Pregonzer, invites you to taste various fine wines and makes excellent recommendations to help you find your favourite.

THE PLEASURE LOUNGE:

Fine dining with exquisite wines and special culinary delights. Our indulgence tip: ping pong steak – carved on a wooden board at your table and seasoned with sea salt and olive oil.

The wonderful tastes of Tyrol

Indulgence and a regional approach – two things that accompany us and our guests every day. We bring them together by reinterpreting Austrian cuisine using fresh products and ingredients from our immediate surroundings – and with farmhouse bread served fresh from our oven every day. Promoting a regional approach and biodiversity is something close to our hearts and we are particularly proud of the close collaboration we have with local farmers and producers.

OUR INDULGENCE TIP:

Take a Tyrolean box home with you and continue to enjoy locally produced Tyrolean products well after your stay has come to an end. Perfect as a gift or souvenir.

Home-baked farmhouse bread

"Mmmm that smells good!"

Our mum bakes our home-made bread according to family tradition.

Ingredients for the pre-ferment:

- ⊙ 750 g whole rye flour
- ⊙ 750 g rye flour
- ⊙ 1.5 l warm water
- ⊙ 1 cube of yeast

Ingredients for the final dough:

- ⊙ 1.5 kg wheat flour
- ⊙ 66 g salt
- ⊙ 2 tbsp "Brotgewürz" herbs
- ⊙ 1 l warm water at 28 to 30°C

Preparation

- ⊙ Mix all of the ingredients for the pre-ferment and leave covered for 6 to 12 hours at room temperature.
- ⊙ Mix all of the ingredients for the final dough plus the pre-ferment by hand to form a dough and let it stand for 30 minutes.
- ⊙ Form the Vinschgerle (small round loaves made out of about 200 to 250 g of dough).
- ⊙ Let the dough rise again until small cracks appear.
- ⊙ Bake in a preheated oven at 240°C for 15 to 20 minutes.

Our tip

- ⊙ We think they taste best with alpine butter and fresh chives.

Good luck and happy baking!

Winter exercise programme

Winter in Tyrol entices guests with a wide range of outdoor activities but the exercise doesn't have to stop there. If you want to break up the outdoor fun with time spent inside in the warm, you can visit our "Active Raum" and do something good for your body with a back workout or meridian exercises. Speaking of good: our spa also offers a range of soothing massages in winter and is sure to have the perfect one for you. After all, sometimes you just have to treat yourself. And treating you is our passion.

ENJOY TIME, DO NOTHING - NOW THAT IS LUXURY. A LUXURY YOU CAN EXPERIENCE HERE.

A few examples of our massages:

TYROLEAN HERBAL COMPRESS MASSAGE

A feel-good experience for body, mind and soul. Gentle massage movements are applied along energy channels and combined with wonderful scents. The pleasant warmth of the herbal compress triggers a deep, soothing sense of relaxation.

CLASSIC FULL BODY MASSAGE

Special massage techniques relieve tension in the muscles. A new physical sensation, powerful and soothing.

PARTIAL BODY MASSAGE

Ideal for relieving tension in the neck and back or for tired legs.

TUINA-MASSAGE

= acupuncture using fingers

The Tuina massage is based on the notion in Chinese medicine that the human energy system is the basis for all physical occurrences. A functioning energy system is therefore a prerequisite for all of the body's functions and abilities. Based on this concept, all illnesses and pain stem from a malfunction in the energy cycle. The aim of the Tuina massage is to identify and eliminate disturbances in the body's energy cycle.

RELAXATION MASSAGE

A gentle massage with gemstones to rejuvenate the body and mind and reduce stress. Experience how closely physical relaxation is interlinked with a sense of serenity, contentment and well-being.

ALPIENNE DETOX TREATMENT - PURE DETOX

An activating detox foot bath, detoxifying pads for the liver and feet and a detox gel wrap intensify the metabolism and stimulate the breakdown and excretion process. Set for home use.

KINESIOLOGY

HARMONISED MERIDIANS

The 14 meridians (energy channels in the body) are brought into balance through holding and tapping to enable energy to flow freely through the body again.

OUR TIP:

We recommend that you arrange treatments before arrival. We are happy to offer help and advice.

Our insider tip

The legendary Frommes run

The Frommes piste is 7 km long and starts next to the Schönjoch summit cross at an altitude of almost 2,500 metres above sea level before covering about 1,000 vertical metres as it works its way back down to Fiss. The "Frommes" is wide and not too steep, perfect for long carving turns. If you want to take a break along the way, you can rest your legs and put your ski boots up at the feel-good stop near the reservoir. From there, if you opt for the "Frommes Extrem no. 9" piste like we do, relaxation becomes a thing of the past. However you can, of course, continue on the "regular" Frommes piste – the two slopes soon meet up again above the Frommes-Alp mountain hut. From the hut, be sure to keep up momentum because this marks the start of the flat section of the Frommes run, as it passes the Bertas Kinderland children's area and leads back down towards the valley lift stations in Fiss and Ladis.

Mountain moments

Skiing is an essential part of a winter holiday in the Serfaus-Fiss-Ladis holiday region. State-of-the-art lifts combined with pistes of all difficulty levels make the region an absolute paradise for winter sports enthusiasts. At an altitude of up to 2,820 metres above sea level, the ski area is also one of the most family-friendly resorts in Europe. Not to mention the snow guarantee until spring and a gondola just a short walk away from the hotel. Experience pure winter happiness while skiing in Fiss.

Facts about the region

- ◉ Over 214 km of pistes in Serfaus-Fiss-Ladis
- ◉ 68 modern lifts and cable cars
- ◉ Fun parks and freeride routes
- ◉ Unique highlights such as the Crystal Cube, the Zirbenhütte mountain restaurant and sunset dinners on Masnerkopf mountain.

OUR TIP FOR EARLY-RISERS:

Take part in the "First Track" morning! Enjoy complete tranquillity as you make your first tracks of the day on freshly groomed slopes. Please book well in advance (possible for up to 30 people).

Winter happiness for everyone

Hear the snow crunching under your boots on a winter hike. Absorb the breathtaking winter landscape while wrapped in a thick blanket on a horse-drawn sleigh ride. Or glide through snowy natural surroundings on cross-country skis. The Serfaus-Fiss-Ladis holiday region isn't

just popular with skiers. In fact, you don't have to go anywhere near the pistes to find a multitude of wonderful ways to pass the time – or simply forget time altogether – amidst the region's stunning natural landscapes.
